## Request a Customized ClinicalConnect Webinar for Your Team

Customized webinars can be arranged for physicians and clinicians, tailored to focus on exactly what you need to know about ClinicalConnect modules, functionality and features within your clinical setting. To request a custom webinar for your team, please email [training@clinicalconnect.ca](mailto:training@clinicalconnect.ca).

In addition, we offer a variety of regular webinars on more standard topics and welcome your participation. Please register by [clicking here](#).

## New 'Days Back' Option Added to Certain Census Filters

We are pleased to announce that a new 14-day option has been added to the "Days Back" filter for the following census lists in ClinicalConnect:

- All My Patients
- Discharge
- Inpatient
- Outpatient

This 14-day option is in addition to the existing filters of "Today", "1", "3" and "7" Days Back.

## Semi-Annual Attestations Complete!

To support appropriate use of ClinicalConnect, Hamilton Health Sciences (HHS), the solution provider deploying ClinicalConnect, recently completed ClinicalConnect and/or

Supported by:

*Tell us how ClinicalConnect enhanced patient care!*

**STAY CONNECTED**

Access Governance System (AGS) attestations with all participating organizations. AGS is a web portal that is used to centrally manage and automate common account management processes for non-HHS ClinicalConnect accounts. The purpose of attestations is to periodically check and certify that only the individuals who need certain access privileges to ClinicalConnect and/or AGS have those privileges. Attestations are invoked semi-annually starting May 1 and November 1 each year, and must be performed by all Data Sharing Agreement (DSA) signatories for their Privacy Officer and Local Registration Authorities (LRAs), by the Privacy Officers for their Privacy Auditors (if applicable in the organization), by LRAs for all ClinicalConnect end users and by sponsoring physicians for the staff they sponsor to access ClinicalConnect on their behalf.

In total, 29,129 account holders from ClinicalConnect participating organizations across SWO were attested, be it their access to ClinicalConnect and/or AGS, depending on the role they hold within the organization. HHS' end users with ClinicalConnect accounts are attested using a separate method and are not included in these numbers.

This process speaks to the integrity and rigour that is expected and required by participating organizations in accordance with the terms and conditions set out for users and in the ClinicalConnect DSA. The support of all of the organizations in this process serves to protect patient information. Watch for notices as the next validation period begins this November and every six months thereafter.

ClinicalConnect™

CONNECTING SOUTH WEST ONTARIO

ClinicalConnect is the Regional Clinical Viewer for the connecting South West Ontario (cSWO) Program, funded by eHealth Ontario. Hamilton Health Sciences is the Solution Provider deploying ClinicalConnect across the four South West Ontario Local Health Integration Networks. The cSWO Program is part of eHealth Ontario's ConnectingOntario initiative which is enabling the Province to achieve an electronic health record solution for all Ontarians.
