What's Coming Next from ClinicalConnect?

ClinicalConnect is being leveraged to support the rollout of the Province's Hospital Report Manager (HRM) in the Hamilton Niagara Haldimand Brant Local Health Integration Network. In June 2015, using the ClinicalConnect infrastructure, transcription and radiology reports from Niagara Health System are scheduled to begin sending to HRM. HRM is enabling clinicians to receive reports electronically in their EMR from hospitals across Ontario.

New Data Available in ClinicalConnect

We are pleased to announce that effective May 20, 2015, additional diagnostic images from the Southwestern Ontario Diagnostic Imaging Network (SWODIN) have been integrated with ClinicalConnect. Diagnostic images from the following hospitals in the South West Local Health Integration Network (LHIN) are now available in ClinicalConnect:

- Huron Perth Healthcare Alliance
- Alexandra Marine and General Hospital
- London Health Sciences Centre
- St. Joseph's Health Care
- St. Thomas Elgin General Hospital
- Tillsonburg District Memorial Hospital
- Woodstock General Hospital
- Alexandra Hospital
- Middlesex Hospital Alliance
- South Huron Hospital Association
- Listowel Wingham Hospitals Alliance

The addition of these diagnostic images complements those already available in ClinicalConnect for Hamilton Health Sciences, Norfolk General Hospital, St. Mary's General Hospital, St. Joseph's Healthcare Hamilton, Cambridge Memorial Hospital, Groves Memorial Hospital, Guelph General Hospital, Louise Marshall Hospital, Palmerston & District Hospital, Grey Bruce Health Services, South Bruce Grey Health Centre and Hanover and District Hospital.

As a reminder, please use Internet Explorer 9+, Safari 6.0+, Google Chrome 20+ and Firefox 14+ when viewing SWODIN images. To view diagnostic images, click the camera icon in the Radiology Module in ClinicalConnect. Some Citrix corporate environments may not support compatible browsers so you may need to launch SWODIN images outside of Citrix.

Niagara Health System's Archived Health Records Integrated with ClinicalConnect

Effective May 20, 2015, scanned and archived Health Records from Niagara Health System are now available in the Health Records module of ClinicalConnect. These Health Records add to those already available from Hamilton Health Sciences in the portal.

ClinicalConnect at Hamilton Health Sciences' Trauma Conference

On May 14, 2015, Dr. Debra Hutchinson, Senior Consultant, Stakeholder Engagement at the HITS eHealth Office, presented ClinicalConnect to physicians and clinicians from a wide variety of regional hospitals including HHS' trauma centre. Her presentation was very well received, and our team continues to work to increase usage of ClinicalConnect amongst this key audience who greatly benefit from real-time access to incoming trauma patients' regional health records. We also had a kiosk and talked to attendees about ClinicalConnect and helped them customize their preferences to enhance their user experience. Thank you to HHS for including us in this spring's trauma conference.
