

How to Access the HITS Digital Health (HDH) Learning Management System (LMS)

LEARNING MANAGEMENT SYSTEM

The Learning Management System (LMS) provides easy access to a suite of online learning courses and can be accessed from any browser or device connected to the internet. Your eLearning courses will be assigned to you automatically based on your appointed ClinicalConnect role(s) e.g. Sole Practitioner (Physician) Participant, Privacy Contact, Privacy Auditor and/or Local Registration Authority (LRA). If you hold multiple roles for your organization, you may be assigned multiple eLearning modules.
